---

Thanks Earl, appreciate all your help.

I know you are working on several high priority sites. We hope you can put the San Jacinto site on the top of your list. Our Division Director and Deputy Regional Administrator offered to help if that will help.

Thanks CAS

HI Gary and Carlos,

The server is FINALLY back in operation. I will be getting all the programs/files uploaded to it tomorrow. I should have an estimate of how long it will take to finish the modeling by the first of the week.

Earl
